GENERAL SERVICE SMALL

APPLICABILITY

Applicable to all electric service of a single character supplied at one (1) point of delivery and used for general business or commercial purposes, institutions, public or private, and purpose for which no specific rate schedule is provided. This rate is applicable to service of thirty (30) kW or less of demand. If a demand of thirty (30) kW is exceeded twice (2) during a twelve (12) month period, service will be changed to the applicable rate necessary to accommodate the load.

At the Cooperative's option, this schedule may be made available for intermittent or seasonal service, such as electric powered water pumps, fence chargers, stock tank heaters, welders, incidental lighting, machine sheds, storage facilities, signs, other non-domestic equipment, and non-domestic buildings. Service under this section will not be applicable where premises are regularly occupied by a single family residential unit.

TYPE OF SERVICE

Single-phase or multi-phase, sixty (60) cycles, at available voltages.
