

Kill A Watt Quick Start Guide

Use these quick start instructions to get up and running in just a few minutes. Be sure to review all of the operating instructions later to ensure full enjoyment of the product.

Return the unit to Prairie Land Electric by 5pm on _____.
mm/dd/yyyy

1. Connect the unit to the outlet (you may opt to use an extension cord) and connect the appliance to the unit.
2. Press and hold the RESET key on the unit until "rEst" appears.
3. Press and hold the SET key until "Rate" is displayed and the currently set rate flashes.
4. Press the UP and DOWN key to set your desired rate. For example, if your utility charges you 10.472 cents per kWh, set the rate until the unit displays \$0.105.
5. Press the SET key again. "SAVE" will appear briefly in the display. Your rate: _____
6. To display the actual cost of power consumed or projected cost, press the MENU key until "Cost" is displayed in the LCD.
7. Pressing the UP and DOWN key will cycle through the cost projection periods. For example, if the display indicates \$2.34 and "Month", the unit is projecting that the attached appliance will consume \$2.34 worth of electricity in one month.
8. To display the power measurements, press the MENU key until "Volt" is displayed on the LCD.
9. To cycle through the various measurements, press the UP and DOWN key as desired. The unit of measurement currently selected will be indicated in the display.
10. To display the total consumed power in Kilowatt-Hours, press the MENU key until "KWH" is indicated in the display.
11. Review the complete operating instructions to familiarize yourself with all features.
